REASONS FOR ALLOWANCE

1. Claims 16, 23, and 26 are generic and allowable. Accordingly, the restriction requirement as to the encompassed species is hereby withdrawn and claims 21, 24, and 27, directed to the species of bonding the monomer to the substrate and then polymerizing, are no longer withdrawn from consideration since all of the claims to this species depend from or otherwise include each of the limitations of an allowed generic claim.

2. The following is an examiner's statement of reasons for allowance: regarding claims 21, 24, and 27, these claims are allowable because they depend from claims 16, 23, and 24 indicated as allowable in the advisory action of April 1, 2004.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
